

requesting the opportunity to view the curriculum guide from your student's teacher.

Parents may, if they wish, provide for alternative delivery of the units: Personal Safety, Substance Use and Abuse Prevention, and Human Sexuality. However, a letter of explanation outlining the alternative programming must be provided to the school, and students will still be expected to undertake testing similar to all other students. If you wish to provide the delivery of any of the aforementioned units yourself, or have any questions pertaining to the curriculum, please contact your student's school.

Sincerely,

1 knowledge and skills to make healthy lifestyle decisions and choices. The curriculum has been developed by teams of educators and medical practitioners and has been approved by the Minister of Education for use in Manitoba schools.

This mandatory curriculum deals with safety, personal and social management, and healthy lifestyle practices. Units that may be of particular interest to High School (Grades 9 and 10) parents/guardians are those dealing with Personal Safety, Substance Use and Abuse Prevention, and Human Sexuality.
